is granted authorisation according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on **test report HKAO 103961.1**

Tested for harmful substances

according to Oeko-Tex® Standard 100

HKAO 051497

TESTEX

for the following articles:

Metal accessories made of brass, electroplated in matt silver, shiny silver (nickel), anti-silver (light pewter), anti-brass, anti-copper (copper oxide), dark gun-metal, dark pewter and black oxidize (anti-dull), contrasted tin, tin copper and enamelled (with 5 paints including white) or made of zinc alloy, electroplated in white brass (yellow tin)

The results of the inspection made according to Oeko-Tex® Standard 100, product class I for baby articles, have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to EN ISO 17050-1, is obliged to use the Oeko-Tex® mark only in conjunction with products that are conform with the sample initially tested. The conformity is verified by audits.

This authorisation is valid until 15.02.2016
